

ILSEBURG

## WHY TOURIST-TAX?

[www.ilseburg.de](http://www.ilseburg.de)

## WHAT'S THE TOURIST TAX FOR?

The tourist tax is a spa tax in spas, recreation and air spas as well as seaside resorts. The tourist tax serves to preserve the environment. This means investing in a variety of facilities and events that benefit tourists. It is also used for cleaning and maintaining the holiday resort or hiking trails. The tourist information in the village is also financed by the tourist tax. This takes care not only of the visitor information, but also of the marketing of the place with brochures and trade fair appearances. To cover the increased household expenses, the municipality charges a tourist tax per person and night.

## WHERE DO I PAY THE TOURIST TAX?

The host is responsible for the billing. The registration form is filled in manually or electronically. The guest receives the registration form, which must be kept as proof of use of the HATIX. The host then subsequently charges the amount at the tourist information.

## REGISTRATION FORM, HATIX & HARZ GUEST

The registration form contains data such as name, address and date of travel and is at the same time a busticket and a HARZ guest card. The data of the registration form must be available to the municipality according to the Registration Act. With the registration form you and your family can use the bus routes throughout the Harz region free of charge. [www.hatix.de](http://www.hatix.de). As a Harz guest card, the registration form enables guests staying overnight to enjoy many free or discounted offers in the Harz region. More information is available at: [www.harzinfo.de](http://www.harzinfo.de) or in the Tourist Info.

## HOW MUCH IS THE TOURIST TAX?

The tourist tax is levied by the city of Ilsenburg (Harz) in the recreation resorts Darlingerode, Drübeck and in the air health resort Ilsenburg. One guest pays € 2. 50 per night. All children up to 15 years of age are exempt from paying the tourist tax. From 16 years a contribution of € 2. 50 per night is charged. People with a disability whose disability rate is less than 100 % pay a contribution of €1. 45. Overnight guests with a disability of 100 % are exempt from the tourist tax, as are their carers, if these are indicated on the card.
